CHEAP MEANS TO AVOID OVER-INDEBTEDNESS

Times are hard and keeping up with financial obligations has become harder than usual. Even the housewives are feeling the pinch as three small pieces of tomatoes now sell for N200. At this time, what you obviously cannot afford is getting over-indebted from your loans, paying penalties for late repayments or, worse, being a victim of identity theft in someone else's financial crimes.

CRC credit bureau has made it a priority to ensure nothing hinders information sharing when it comes to happenings in the Nigerian credit industry, particularly as they affect you. We offer products that are very cheap for their benefits but also ensure you maintain a healthy and up-to-date credit life.

CRC Monitor & Alerts (Individual)

CRC Monitor & Alerts service provides individual subscribers with instant email notifications on changes in loan records, reported default components and details of searches being conducted on customers by lenders.

Available at N2,000 per annum, this service:

- Helps customers monitor changes in

their credit records and identify errors when applicable.

- Provides information about new credit records submitted by lenders to the bureau.
- Informs about inquiries made on customers by authorized companies for permissible purposes.
- Helps subscribers ascertain incidence of identity theft.

I-CON Plus

Individual Credit Overview Notification (I-CON) Plus is a more comprehensive service that is provided on a monthly basis. In addition to benefits of the Monitor & Alerts, subscribers get to know:

- If all loan payments are duly recorded and reported to CRC.
- Summarised values and counts of loan portfolio with all creditors.
- Fraudulent credit details attached to their identity or unknown facilities submitted in error to the Bureau.

I-CON Plus is available for an affordable annual fee of N2,520.
